

NZ Database, February 2019 Edition

Bill Forster: 7 Feb 2019

Changes since the 2017 Edition

There are now 51405 total games (previously 48370 games).

There have been relatively minor modifications to the existing database. Most of the changes were a scattering of player name changes to reduce detectable instances of an individual player having multiple names (fortunately Peter Stuart was already very conscientious in this area).

Two existing events gained additional games;

1966-67 New Zealand Chp (74th), Christchurch (57 games), previously 44 games – Thanks to GM Ian Rogers for supplying the additional games (and game dates for all 57 games).

1979 Ewen Green Blindfold 17 Bd - Australasian Record, Hamilton (9 games), previously 2 games – Thanks to Ewen Green for providing the additional games (and annotations).

Here is a list of new events/tournaments/matches (included in this list are the games from the previous, more casual, database update published by NZCF in 2018).

2016-06-04 Trusts Open-B, Auckland (72 games)
2016-06-04 Trusts Open-C, Auckland (28 games)
2017-02-09 Summer Cup, Wellington Chess Club (3 games)
